To: Rotary Club Presidents

Dear Club President

This year I have great pleasure in recommending to you the Membership Development Package which has been developed and coordinated by Rotary Down Under.

The kit provides an excellent approach in a most practical way to assist your club to achieve growth in its membership. How? You may well ask – through a step-by-step approach, together with a set of tools and brochures designed to be given to potential members. Many clubs which have committed to using this approach have achieved excellent results and enclosed in the kit is their story.

This year I am delighted to be able to work with District 9790 to assist the work of Rotary International in this most important area of membership.

Please feel free to contact me if you require additional information – contact details are:
